FI/CQR983-CO-12V
12 volt CO DETECTOR

- Advanced detection and discrimination algorithms

- Easy Installation and maintenance

- Sleek low-profile housing

- 4 Wire

- Comes complete with base

- SMD circuit board design

- Magnet test feature

- NO/NC output

- Audible alarm output

This 12 volt CO Detector is effective for detecting any buildup of Carbon Monoxide in your residence, and is engineered to perform the following features:-

1. Easy to install.
2. Monitors any accidental leaks of Carbon Monoxide in a continuous manner.
3. Emits a loud alarm (>70dB) when it detects a buildup of Carbon Monoxide.
4. Continuously self-tests its operative functions.

TECHNICAL SPECIFICATIONS

Type of gas Sensed :	CO
Voltage DC :	12V
Power Consumption :	3 W
Operating Temperature :	-0°C~40°C
Sensitivity :	70 ppm within 100 min,
	150 ppm within 35 min
	400 ppm within 15 min

FireBrand   Fire Industry Association   SGS   UKAS QUALITY MANAGEMENT 005   OSU GROUP OF COMPANIES   35 Years

Manufacturing security components and cable in the UK for over 35 years
